Waiver Questionnaire - Utilization Evaluation

TITLE OF INVENTION _____

NASA CASE NO. _____ CONTRACT NO. _____ WAIVER NO. W- _____

The _____ has petitioned NASA for waiver of rights in the above-identified invention. The Inventions and Contributions Board requests the following information in order that it may determine what use, if any, is being made of the invention. Please supply as much data as you have available and return all papers to the Patent Counsel of this Center.

1. Has a Tech Brief been published for the above-identified invention? (*If yes, attach a copy.*)

2. If no Tech Brief has been published, do you intend to publish one?

3. State the number of inquiries for a technical support package for the subject invention.

4. List below, or on a separate paper, the names and addresses of any parties (*other than NASA*) known to be manufacturing and/or using the subject invention.

5. Discuss any known specific efforts under Technology Utilization or other applications programs (*NASA or other Government agencies*) to further develop the invention for use by the general public.

6. List below, or on a separate paper, any known publications and dates disclosing the invention.

7. Additional comments:
